TRUONG THANH FURNITURE CORPORATION

www.truongthanh.com

CORPORATE OVERVIEW

Founded in 1993, Truong Thanh has grown to become one of the leading manufacturers and exporters of wooden furniture and flooring in Vietnam.

With more than 25 year's experience of wooden furniture industry, Chairman Vo Truong Thanh and his leader team has established a tradition of excellence in providing high quality products.

Our ability to understand client's needs and dedication to develop affordable furniture solution have positioned Truong Thanh Furniture Corporation as one of the best furniture makers in Vietnam.

In order to bring our client not only sales opportunities but also convenience in business, we always pursue five following commitments:

- High Quality
- Best Price
- On time Delivery
- Unceasing Innovation
- Best Service

TURNOVER

2010: Over 115 mil USD
2009: Over 100 mil USD
2008: 50 mil USD
2007: Over 50 mil USD
2006: Over 40 mil USD

CAPACITY

Currently, our full capacity from eight factories is over 6,000 x 40ft per year in which 55-65% is for Indoor furniture and 25-35 % for Outdoor furniture and 10% for Flooring, Decking, Tile, Doors, Windows, Gates, Fences etc. However, these proportions may vary slightly depending on the customer demands.

HUMAN RESOURCES

We believe that the constant training for our 6,500 hardworking employees and the upgrading for their skills and knowledge are paramount to our continuous growth and success.

Early in 2007, Truong Thanh established a training center with the aid of the German Technical Corporation (GTZ) and the German Ministry of Foreign Affairs. The center has been providing a good source of qualified managers and skilled workers for Truong Thanh, as well as other companies in the industry.

We are also honorably supported by Private Sector Development program (IPSD) sponsored by the Royal Danish Government in 2000. In addition, regular courses such as Chain of Custody (CoC), ISO 9001:2008, LEAN manufacturing, 6 Sigma etc., have helped to improve our knowledge of production and quality management.

Moreover, in order to prepare a good inheritance generation for manager position, we have also a 2 year training program for key personnel based on MBA program to ensure that averagely 45 staff can be promoted each year.

PRODUCTS

Nearly 20 years of experience in wood processing industry has enabled us to offer a wide range of products, designed for both comfort and style, with our own designs accounting for 80% of the sold products.

At Truong Thanh, every detail matters to make strong and durable products of the highest quality from proper kiln-dried timber with moisture content suitable for each specific market, high quality and non-formaldehyde glue from trusted suppliers such as Jowat, Akzo Nobel, Kony Bond..., high quality hardware to proper packaging materials to prevent products from damages during transportation.

Outdoor Furniture:

Including tables, chairs, lounges, round or square or rectangular parasols, etc., designed with extendable, foldable or adjustable features, suited for all entertaining, commercial and industrial purposes. Our products are made unique, smooth and long-lasting with special finishing techniques such as baby skin sanding, teak oiling, and outdoor PU coating.

Indoor Furniture:

Including practical ranges of bedroom, living room, dining room and door collections, etc. which are beautifully designed in an array of diversified styles. In addition to the solid wood furniture, we have skillfully used other materials such as MDF, Particle Board, Plywood (E1, E0, CARB P2) covered with well-matched veneer to produce elegant pieces of furniture which present a natural look while ensuring product quality at very affordable costs.

To control quality and manage delivery time of sub-materials better, we established a new factory specializing in veneer, plywood and Particle Board with a fully-automatic production line in 2010. As a result, we ensure that those products comply with most strict requirements about formaldehyde emission and in high quality with on-time delivery.

Floorings:

Truong Thanh also carries a range of unfinished and pre-finished floorings, moldings, ceilings and wall panels all of which are available in beautiful solid or engineering Teak, VN Cherry, Pyinkado, Keruing, Yellow Balau, Ash, Oak, etc. Diversified product ranges allow us to satisfy any requirement of customers.

Carton boxes:

In order to manage the quality and to ensure on-time delivery, a factory to produce carton boxes for our goods was established in 2010.

MATERIALS

Our products are manufactured from a wide range of material sources with and without FSC certificates:

- Imported sources (about 20%): Teak, Eucalyptus, Acacia, Pine, Beech, Oak, Ash... from Africa, South America, New Zealand, EU and US.
- Local sources (about 80%): Acacia, Rubber wood, Keruing, Yellow Balau, Pyinkado, VN Cherry, Pynma, Nyatoh... coming from state-managed forests and plantations

With management board's experience in the wood industry and our purchasing team's expertise, we are willing to search for the right sources of any material required by the customers, which are of legal origins and environment-friendly, especially when we are a member of GFTN/WWF.

EXPORT MARKET

Our quality products have displayed high adaptability in terms of functionality and style that helps us successfully penetrate over 30 countries such as The UK, France, Belgium, USA, Denmark, Finland, Germany, Greece, Japan, Australia, New Zealand, Korea, South Africa, etc.

With such high quality products and affordable prices, we are on the way to expand our worldwide distribution network confidently.

TECHNOLOGY & MACHINERY

We have invested in the latest wood-processing technology available in Europe and Asia, mainly from Germany, Italy, Japan and Taiwan, especially the most modern machines such as:

- 6-Axe CNC Machine Master (Paolino Bacci)
- 5-Axe CNC Machine With 2 Automatic Hopperfeed (Jet Semi-automatic Clamps Positioning- Paolino Bacci)
- CNC Cross-Cut system (C14-MKL)
- Optimizing Center (Christof Reinhardt Mascinenbau)
- Membrane Press (Wemhoner)
- Signal Direction Bending Machine (CH100P-110)
- Copying Sanding Shaping Machine With 6 Operating Heads FC6 (Paolino Bacci)
- Double End Round Tenoning machine With Automatic Hopperfeed TSD/CSF2 (Paolino Bacci)
- UV Coating Roller Full Line (Cefla)
- PU Finishing Line Cart Pallet Conveyer (10 containers/day/set)
- Automatic Electrostatics Spraying System (Big Toyo)
- Auto-controlled drying kilns imported from Italy

The machines are fully or semi automatic system which can provide high capacity and accuracy. Besides, we have applied and developed LEAN 6 SIGMA to increase the capacity and decrease the costs, bringing customers more delight with our competitive prices and on-time delivery

ENVIRONMENTAL POLICY

Truong Thanh recognizes the importance of preserving and enhancing the environment as these actions ultimately affect the health, safety and welfare of our customers, employees and surrounding communities. We are therefore committed to the serious stewardship of the environment by constantly increasing our awareness of forest management issues and implementing internal policies and procedures to ensure that we fully comply with national and international regulations. In an effort of continually re-evaluate and enhance our environmental performance, we have updated and extended our Environment Management Program, shown below:

- Striving to maximize efficiency of resources through new product development, upgrading production technology, and reducing emissions to air, land and water.
- Implementing a program to ensure that our employees have the training, skills and knowledge necessary to abide by our internal policies and proactive protect and enhance the environment.
- Working with environmental groups, the academic community and government agencies to increase understanding of forest management.
- Continuously exploring and seeking international certifications pertaining to environmental preservation and management.
- Participating in the activities of Global Forest Trade and Network (GFTN), a member of WWF
- Planting production forests from 2007 with a project of 100,000 ha in Vietnam

SAFETY STANDARD

British standards BS EN-581, CPSIA (USA), Drop test packing ISTA, 16 C.F.R. PART 1303, etc. ...

QUALITY ASSURANCE

Detailed inspection is integrated as a vital element of our production process. With a professional QC team, we carefully manage the inspection at every stage of Chain Of Custody (CoC) to ensure that all products are the best quality and easily traceable

CERTIFICATES

Chain of Custody (SGS-COC-1228), ISO 9001: 2008 ... certified by SGS

ACHIEVEMENTS

International:

- 2011: International Diamond Quality Cup, awarded in France
- 2007: International Platinum Star for Quality, awarded in France
- 2006: International Star Award, awarded in Geneva, Switzerland
- 2006: Becoming one of the first four members of Vietnam Forest & Trade Network (VFTN), belonging to Global Forest & Trade Network (GFTN) of WWF
- 2005: Golden Cup for European Quality, awarded in Italy
- 2005: International Trophy for Quality, awarded in Spain
- 2005: Badge for Global Quality Management, awarded to Mr. Vo Truong Thanh in Spain with a membership to The Global Trade Leader's Club
- 2004: 03 Golden Cups of AFTA Integration Products

National:

- From 2008 to 2011: Selected by the Government for Vietnam Value Program (among 43 best brands in Vietnam in 2010)
- 2007 : Award from The Government for the Excellence and Prestige In Export for 3 consecutive years (2004-2006)
- 2006-2007 : Award for Vietnam High Quality Products.
- 2006 : Excellence Business Award for the leading exporter of wooden products (obtained highest turnover in 2005)
- 2005-2006 : Golden Cup for Prestige Brand and Products
- 2003-2005 : Golden Star Award for Best Products of Vietnam
- 2002-2005 : Golden Award for Best Products of Vietnam
- 2004-2006 : Best Brand in Vietnam
- 2004: Golden Cup for Vietnam Community Work Contribution.
